A message from Brian Adams, founder of Restoration Cleaners:

We founded Restoration Cleaners in 2002 with the mission of providing the highest quality service to meet and exceed our customers' expectations: to act with integrity, honesty and high moral standards in Restoration community.

In 2010, as other business ventures took more and more of my time, Restoration Cleaners moved under new ownership. In the three years since that time, the company drifted away from that mission. Valued customers and employees were let down.

So we bought the company back. As of July 15th 2013, the original owners are once again in charge of Restoration Cleaners, and we're committed to returning this business to the standards that our customers and our employees deserve.

We will work in the coming months to restore the level of service, quality of work and commitment to our customers that you expect from Restoration Cleaners, and Restore the Red Diamond.

Onwards and Upwards,

Brian Adams
